EXPERIENCE

SEROLOGICAL/PCR SCIENTIST (L2) - ALDERLEY EDGE - MDC - MAY 2021-PRESENT

My responsibilities include coordinating several laboratories as well as being trained on advanced equipment (e.g. Hamiltons). I have had the chance to gain experience in data science and have also been involved in editing standardised operational procedures. I also have familiarity with the LIMS system; further with spending sometime with a team of data scientists. I have the ability to use the Roche system as well as understanding advanced equipment and their maintenance e.g. Roche Cobas pro. I am also one of a few people who is opening this new laboratory. Additionally, I have to be able to separate samples based on whether they are usable in a time pressured manner.

PRIVATE TUTOR - REMOTE - MYTUTOR – JANUARY 2021-PRESENT

Tutoring students the GCSE subjects: English, Biology and Chemistry. As well as elevating student's grades and ensuring their success. I have also completed L2, L3, L4 TEFL Courses each at a higher distinction.
